**Dear Parents/carers,**

**Re: Heatwave Alert for Birmingham and the West Midlands**

I wanted to inform you that we have been issued with a heatwave alert for Birmingham and the West Midlands for this week and next. The temperature for Monday is forecast to be 36 degrees Celsius and then 31 degrees on Tuesday.

We are aware that we have a number of children in school who struggle with the heat and indeed some who have heat triggered seizures. Please be assured that we are doing as much as we can to keep our pupils as cool as possible using fans and water and that pupils do not go outside when the weather is at its hottest.

We do however understand that this level of heat starts at an early time in the morning and is still at its fiercest when the children travel home again and that minibuses are not the coolest vehicles to travel in.

If there are any families who feel that they would prefer to keep their child at home in order to ensure that they are as cool as possible then please contact school to let us know. Our prime concern is for the well-being of all our children.

Kind regards,

Mark Wright  
Head of School
